PETROFAC QATAR W.L.L (PETRO-Q)

is a Qatar based company catering to the needs of the Oil & Gas, Petrochemicals, Infrastructure and Construction Industries.

At **PETRO-Q** we offer engineered products and value added solutions with the help of world-renowned & approved brands and a team of professionally qualified & dedicated individuals.

PETRO-Q's state-of-the-art stocking, testing & repair facilities enables us to meet our clients urgent & shut down requirements effectively. Today, we are a preferred vendor for all the local and International Oil & Gas and construction companies in Qatar.

Piping Division

We have been maintaining the largest and most comprehensive range of piping products in stock for the past two decades in Qatar. We are known for our technical expertise in handling large and complex projects involving supply of bulk piping materials in line with stringent technical requirements. We are associated with widely renowned and approved brands in Qatar.

Products

Seamless and Welded Pipes
Butt-Weld Fittings
Forged Fittings
Branch Fittings
Split Tees, Y Pieces
Barred Tees, Flanges
Spectacle Blinds
Insulation Joints
Fasteners and Gaskets
Compact Flanges and Clamp Connectors

Materials

Carbon Steel
Low Temp. Carbon Steel
High Yield Carbon Steel
Chrome Moly Alloys
Stainless Steel
Duplex and Super Duplex Stainless Steel
High Nickel Alloys Titanium and Monel

Partners

RESISTOFLEX®

Valves Division

Leading provider of Standard and Specialized Valves for Oil & Gas, Power and Petrochemical Industries in Qatar. Our unique partnership with reputed valve manufacturers enable us in catering to our client requirements with world-class technology and superior technical expertise. We offer complete Valves package complying to customer specification, NDE requirements & Certification. Offered brands are widely accepted and approved in Qatar.

Products

Pumps:

Centrifugal (API 610 & MFG std.)

Gear (API 676 & Non API)

Reciprocating (API 674)

Progressive Cavity

Magnetic Drive & Sealless
(API 685 & Non API)

Air & Gas Compressors:

Oil Flooded & Oil Free Screw

Integrally Geared Centrifugal
(API 672 & API 617)

Turbo Expanders (API 617)

Gearboxes

Material Handling - Conveyor Systems and Bucket Elevators

All types of Couplings, Bearings and Industrial Chains.

Partners

Instrumentation Division

We offer the widest range of quality proven instrumentation products for instrument hook-ups, process connections, flow measurement, pressures and temperature measurement, cable and cable management, metering and custody transfer and wellhead control panels etc. We are a one stop solution provider for complete instrumentation package.

Instrumentation Cables

Junction Boxes & Enclosures

Partners

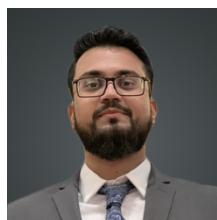

Drilling Division

We focus in offering innovative products and services to enhance downhole productivity and oil field sustainability. We are specialized in providing solution to mitigate Downhole Tubing Corrosion. Well Integrity, Lost Circulation Downhole Cementing & Completion, Well Testing and Offshore Fluid Bunkering.

Our warehousing & service facilities are QP approved and in strict compliance to Qatar Industrial regulations.

Insulation Division

We offer a wide range of premium quality insulation for thermal, acoustic & passive fire protection applications manufactured by world renowned companies. We supply various types of insulations including Flexible Elastomeric, Glass-wool, Aerogel Rockwool and Ceramic Fiber which are in compliance to local and international industrial specifications. Our insulation products meet global health safety standards and emission guidelines.
